

AceLock is a versatile pull tight seal suitable for applications confined to small sealing space. It has an acetal locking mechanism which enhances security against tampering by heat. An efficient and economical solution, AceLock is very easy to use and it requires no tool for application or removal.

APPLICATIONS

- Cash Bags
- Airline food/duty free trolleys
- Gaming
- ATM cassettes
- Small courier bags
- Coin boxes

FEATURES

- Variable loop design
- Efficient tag design
- Side tear off option
- Acetal locking mechanism

BENEFITS

- Accommodates various application requirements
- Can be bar coded or printed with serial numbers
- User friendly & requires no tool for removal
- Enhanced security, which can reduce losses
