CartonTack

CartonTack is a tamper evidence sticky tape ideal for sealing carton boxes and various forms of other packaging. It is a "total transfer" type security tape, which leaves behind residues with the security message "Void/Open" when lifted. It does not come with back-liner for cleaner and faster applications.

APPLICATIONS

- High value product carton packing
- Medicinal packages
- Food delivery packages
- Election ballot boxes

FEATURES

- Leave residue message "Void/Open" when removed
- Reveal tampering and cannot be reused
- Comes in roll form, just like masking tapes
- Good bonding with cold & heat resistance

BENEFITS

- Reveal evidence of tampering attempts
- Faster application for carton sealing
- No special skill required
- Can be fixed on strapping dispenser
