500pcs/inner carton,
5000pcs/outer carton

SPECIAL PURPOSE SEALS

ClipLock

ABRIC™
Security Seals

DIMENSIONS

Double Secure Upper Lock Design
Two sounds of "click" to indicate it is fully tightened. This male side will bend to secure after final click sound.

Better Finishing Edges
More friendly to the hands.

Lower Lock Design
When trying to tamper after locked, this female end will break from the ClipLock body, so it cannot be re-used.

Mat Design
Easy to remove ClipLock from the mat, and come with mat of 10 pieces.

Logo Emboss Area
16mm x 10mm area for logo embossed.

Sequential Numbering
6 digits running number.
