

GlueTack is a unique sticky tape that comes with one of the strongest adhesive material in the sticker industry. It has a highly aggressive rubber base adhesive and is designed for application on rubber base products, tyres, luggage and various paper/carton surfaces. It is also widely used on document records and as indicative seals in airport operations.

## APPLICATIONS

- Airport operations
- Travel agency
- Automotive industries
- Leather products

## FEATURES

- Highly aggressive rubber base adhesive
- Double serial number
- Perforation feature
- OPP Laminate layer

## BENEFITS

- Ideal for application on a wide range of surfaces
- Double serial number to tear and stick
- Sticker is deformed when it is peeled off.
- Glossy surface as a protection layer on serial number printing
