

LuggageLock

LuggageLock has been designed to provide a tamper evident seal for travel bags and luggage. It comes with a double tag with serial numbers for verification as an added security feature.

APPLICATIONS

- Travel bags, luggage and accessories
- Laptop bags

FEATURES

- Unique double serial numbering
- Snap-off reference tab
- Extra secure metal jaw
- Side tear off option

BENEFITS

- Allows passengers to identify whether luggage has been tampered with during transit
- Provides user verification of their belongings
- Enhanced security as metal is more tamper-resistant
- Easy to remove without the need for a cutting tool
