

TeraLock

Similar to its predecessor (LissoLock), TeraLock offers a higher break strength of up to 45kg-f. It is a user-friendly variable length seal suitable for a wide range of applications. Its stainless steel locking jaw and the heat welded cap help to enhance security.

APPLICATIONS

- Cash-in-transit containers
- Truck & trailer doors
- Postal bags
- Tote bags & roll cages

FEATURES

- Stainless steel locking jaw
- Heat welded cap
- Smooth strap

BENEFITS

- Enhanced security as it does not stain, corrode or rust easily compared to ordinary steel
- Locking mechanism cap is permanently welded to prevent tampering attempts
- User friendly and gentle to hands
